

TGP Kamloops Notice

Customer Notification-Supplier Change

To all our valued TGP/FCL Kamloops Customers

We greatly appreciate the support, patience, and loyalty of all our customers over the years that have made your local distribution center in Kamloops strong and successful. We continue to strive to be the best we can be for all our members by supplying not just locally sourced products but unmatched customer service. Our focus is to align with independent companies with similar core values of Integrity, Responsibility and Excellence.

We take great pride in announcing a new partnership between TGP Kamloops and Bentley North-Chem. BNC is a proud Western Canadian family owned and operated company manufacturing and supplying chemical solutions to the Hospitality, Healthcare and Service sectors.

Effective November 2023 customer will start to see a transition from the current warewash-chemical product labels from Planet Clean to a BNC label. Our goal is to make this transition as smooth as possible with little to no disruption to your valued business. Our goal in mind is to supply all our current and potential customers high-quality products and service.

Please work with your Sales Representative if any issue or concerns or feel free to reach out to me directly with any questions or concerns and we appreciate your continued support and loyalty.

Respectfully Yours
